

# **Rocks Lane Montessori** **Forest School**

Rocks Lane Montessori provides children with hands-on learning from nature in our forest garden.

At the bottom of our garden, a gate leads to a hidden world of learning in our forest area.

We have an allotment where children grow fruits, vegetables and herbs to bake and take home, a sensorial garden, a mud kitchen, and a log circle for stories and drama.

Our teachers are Montessori-qualified as well as Forest School trained. Together, we absolutely love witnessing the child-led learning from the classroom through the garden and into the forest.

## **What do we do in Forest School?**

- Planting in our allotment
- Baking with our harvest
- Woodworking
- Digging for treasure
- Making imaginary stews and spells
- Storytelling
- Drama
- Covering ourselves head to toe in mud glorious mud.
